

## FEBRUARY PROGRAM LIGHTING CALCULATION SOFTWARE FEBRUARY 16<sup>TH</sup>, 2005

*Not too sure about all the choices in lighting calculation software?*

Lighting Sales has arranged for David Speer to be here to present the many software features available to the lighting design and application industry. This overview should help you to make an informed decision when purchasing lighting calculation software for your company.

This program is sponsored by  
Lighting Sales Inc. / Jack Duffy & Associates

---

**Where:** Holiday Inn Rockside

**When:** Wednesday, February 16th  
5:30pm - 6:00pm Social  
6:00pm - 7:00pm Dinner  
7:00pm - 8:00pm Program

**Cost:** \$25

---

### ABOUT THE SPEAKER

David Speer is Director of sales and marketing and co-founder of Lighting Analysts, Incorporated of Littleton, Colorado. Lighting Analysts has been developing software for lighting professionals for over 21 years and is the author of numerous calculation programs including AGI32 and Photometric Toolbox. David has been fortunate to have had personal experience with almost every major software program ever written for analysis of lighting systems and brings a unique perspective to the presentation of one of the lighting industries most common design tasks.

# Centennial Success!

The IESNA Cleveland Section Centennial Kick-off Celebration - *Evening of Illumination* was a tremendous success. About 100 people attended the event held at the Nela Park Lighting Institute.

More than 20 Cleveland Section past presidents were in attendance reminiscing about days gone by.

The Evening of Illumination is the beginning of events that will extend into 2006, culminating with an exhibit at the Western Reserve Historical Society. The Centennial Committee needs your support. If you would like to make a donation please contact Terry Kilbourne - Chairman (440-953-8760), Bob Doherty, Dave Johnson, or Steve Kay.

A special thank you to our sponsor GE Consumer and Industrial - Lighting, and Mary Beth Gotti for her help coordinating with GE and acting as the Master of Ceremonies for the event.

The keynote speaker was Dr. Edward Pershey - Director of Education & Research for the Western Reserve Historical Society. Dr. Pershey presented "Early History of Electric Light" which was entertaining as well as educational.

The Centennial Committee will keep you informed of the details as they progress. ■

## Golf?

If it doesn't stop snowing by June, we'll schedule a ski trip. Otherwise plan to be at Pine Ridge Country Club on June 10<sup>th</sup>, 2005 for the 26<sup>th</sup> Annual IESNA Cleveland Section Golf Event.

begin thinking about your foursome for this year's event. We look forward to breaking last year's record attendance.

The Golf Event provides funds for the Section's Education and Scholarship fund. This year we were able to provide a \$1500 scholarship to a local high school graduate who will major in science. We also supplemented Section programs organized for our local members.

Clean up your clubs, and your skis just in case! ■

Soon we will begin soliciting for sponsors for the Golf Event. More details will be provided in future issues of the Lumen Press. Please
