Lighting the Way to Green Healthcare Buildings

The February Program will be "Lighting the Way to Green Healthcare Buildings" sponsored by Guy Day of Intelligent Illumination and presented by Tony Vespoli of Vista Lighting. This is a new AIA presentation by Vista Lighting on trends in patient room design, AIA published guidelines for patient room lighting and new approaches to surgical suite lighting design. With healthcare being a major industry in the Northeast Ohio Area, this should be a very informative and timely presentation.

When: Thursday, Feb. 17, 2011

Lunch: 11:30 a.m.

Program: 12:00 p.m.
Hilton Garden Inn Cleveland
1100 Carnegie Avenue
Cleveland, OH 44115

Sponsor: Intelligent Illumination

Credit: 1 PDH, 1 AIA

Cost: \$25

Please pay by check or cash at the event or [use our convenient PayPal Link on our website](#). Note: If you pay by Credit Card, you don't need to RSVP Wendy unless you don't receive an acknowledgement by e-mail or sign up two days prior to the event.

President's Report

We would like to thank Bob Martin of Myriad Energy Solutions and Mary Beth Gotti and staff of the GE Lighting Institute at Nela Park for hosting the January Program on the History of Lighting. There is no better place to have a history of lighting program than in a building that has seen a lot of the history and advancement in lighting take place. If you missed this seminar you also missed a very unique perspective by Sri on the History of the Physics of Lighting. I hope that we can talk Sri into giving this presentation in the future for those of you who missed it.

The February Program will be "Lighting the Way to Green Healthcare Buildings" sponsored by Guy Day of Intelligent Illumination and presented by Tony Vespoli of Vista Lighting. This is a new AIA presentation by Vista Lighting on trends in patient room design, AIA published guidelines for patient room lighting and new approaches to surgical suite lighting design. With healthcare being a major industry in the Northeast Ohio Area, this should be a very informative presentation.

The IES Illumination Awards are coming up soon, so start looking over your recent projects that you think are really good and submit the projects for judging in one or all of the IES categories. Submissions are open from January 14, 2011 to February 11, 2011. Since IES National no longer provides Certificates of Participation, we thought that maybe we can do something on a local level. In 2011, we will take the top three scored IES judged submittals from our section that did not win a regional award and have the top three rated projects presented by the project designers at the September IES Program. But to win, you need to submit a project. To find out more information on how to submit a project, go online at <http://www.ies.org/programs/ia.cfm>.

In April, we will have a program entitled "A Tale of Three Local Presentations." The program will highlight three local designers and have them talk about a current local design project and the lessons learned during the design process.

We recently sent out a survey to see if there was an interest in having an IES Bus to Lightfair in May. The results of the survey are in. The good news is that half of the people responding will be attending Lightfair. The bad news, there were only two people responded that they would go by bus. Because of the high costs to the Section, we will not have a bus to Philadelphia, but instead will have a program in May and bring in a guest speaker for the Electro Expo in the spring of 2012. Lightfair is a great venue to attend and if you get the opportunity, I encourage you to go. Any of the Distributors, Manufacturers, Sales Representatives or Lighting Design Firms are welcome to offer transportation and hotel accommodations to IES clients and designers that they do business with that may not otherwise see Lightfair and the new products you have to offer.

It is early and the snow is still falling outside, but it is not too early to picture a warm sunny June 3 standing on the first tee and imaging the ball going 300 yards straight down the fairway at Pine Ridge (instead of 150 yards and slicing it into the next fairway). Start saving for a foursome or a sponsorship to the IES Cleveland Section Golf Outing and CTS Student Scholarship fundraiser.

Richard Rutledge

IES Cleveland Section President

IES Emerging Professionals

Who

- Students
- Recent Graduates
- Professionals with less than 5 years of experience

Benefits

- Participate in IESNA
- Access learning opportunities for development of professional skills & abilities
- Expand EP's recognition in the community
- Create new leadership & integrate new ideas into the Society
- Share concerns and needs with each other & facilitate the fulfillment of those requirements
- Have the opportunity to meet mentors
- Voice future needs to the Society

How to join

Contact Rinara Reh
rinara.reh@ge.com

* Encourage EP's in your company to participate. Your support matters.
