Lamp & Ballast Update: Watts Here Today, May be Gone in 2012, 2014?

The Clambake with a seminar on the side is back by popular demand in October.

For our second program of the year, we not only have the appetizing food, we also have a very special program as the main course (instead of a side) with our guest speakers; Dyke Riffle of Riffle & Associates and Scott Wilson of Sylvania Lighting. Dyke will cover the

latest in ballast legislation and Scott will cover the lamps that will be impacted by this new legislation. With the legislation taking effect in 2012 and 2014, some of a designer's favorite go-to lamps and ballasts may no longer be available. The only way you will know is to attend this informative program.

We would like to thank Bob Doherty, Jr. and Wolff Brothers for not only sponsoring the program, but also collecting and stirring up the ingredients to cook up a great program.

The Prices for the Clambake:

- Dozen Clams and ½ Chicken: \$26
- Dozen Clams and ½ Slab of Ribs: \$30
- Dozen Clams and 12oz NY Strip Steak: \$30
- Steak and Chicken (No Clams): \$30
- Chicken & Steak - NO Clams: \$30
- Chicken & Ribs - NO Clams: \$26
- Extra Dozen Clams: \$10

When: Tuesday, Oct. 18, 2011
Emerging Professionals
Meeting 5:00 p.m.

Social: 5:30 p.m.

Dinner: 6:15 p.m.

Program: 7:30 p.m.
Albion Woods in Millstream
Run Reservation

Sponsor: Wolff Brothers

Cost: 1 PDH

Please pay by check or cash at the event or [use our PayPal Link](#) on our website. Note: If you pay by Credit Card, you don't need to RSVP Wendy unless you don't receive an e-mail or sign up two days prior to the event.

Fight the Rare Earth Crisis with: OCTRON® 800 XV™ ECOLOGIC® EXtended Value Fluorescent Lamps

OCTRON 800 XV ECOLOGIC T8 fluorescent lamps meet today's lighting needs of high efficiency, long life and superior color rendition. With high initial lumens, mean lumens of 94% and an average rated life of up to 42,000 hours, these lamps ensure light levels will be maintained for a very long time. A color rendering index (CRI) of up to 83 supports applications where lighting color quality is important. The lamps are available in 4-foot and 8-foot full wattage and SUPERSAVER® energy saving options. Engineered with optimized phosphor coatings, these lamps deliver specification grade performance and value to satisfy the most demanding general lighting applications.

Key Features & Benefits

- Specification quality lamps with optimized phosphor blends
- Up to 96% lumens of premium F32T8 lamps
- Energy saving opportunity with OCTRON XV SUPERSAVER versions
- Longer life than 700 & 800 series lamps
- Up to 83 CRI
- Lead-free
- Made in the USA
- TCLP and RoHS compliant
- Increased life on SYLVANIA QUICKRONIC® PROStart® PSX and PSN programmed rapid start ballasts
- QUICK 60+® system warranty when paired with QUICKTRONIC electronic ballasts

SYLVANIA OCTRON ECOLOGIC T8 fluorescent lamps pass the Federal Toxic Characteristic Leaching Procedure (TCLP)² criteria for classification as non-hazardous waste in most states².

1. TCLP test results are based on NEMA LL Series standards and are available on request.
2. Lamp disposal regulations may vary; check your local & state regulations.

Product Offering		
Lamp Type	Wattage	CCT
FO32/25W/800/XV/ECO	25	3500K, 4100K, 5000K

President's Report

We would like to thank Sri Rahm of GE Lighting for presenting a very informative presentation on "The T8 Lumen Output is WATT?" If you did not attend, you missed a very good program.

Our annual clambake is upon us and I would like to personally thank Bob Doherty, Jr. and Wolff Brothers for bringing this event together. We have Dyke Riffle and Scott Wilson updating us on the next batch of legislation and how this will impact what ballasts and lamps will be available in 2012 and 2014. This is a program that anyone involved in lighting should attend to stay on top of the latest legislation changes.

Prior to the Clambake Social, we will have Rinara Reh, our Emerging Professional Chair, explain what the Emerging Professional Program is all about and how you may be able to participate in the program as an employer or a student. This will be very informal and will last half an hour at the most.

In November, we are working on bringing Chip Isreal (IES National President) to talk about the new IES Handbook and how to apply it.

In December, we are working with Bob Martin of Myriad Energy Solutions to have a program which would address the code changes requiring commissioning of lighting control systems. For example, who can commission a system? What is required to commission a system? What documentation is needed?, Is there an IES RP on Commissioning?, etc.

So, as you can see, Kristen and I are beginning to fill up the slots for the program year. If you would like to sponsor a program, Please contact Kristen Mallardi by e-mail at kristen_mallardi@adlt.com.

Thanks again for your time and support to the IES Cleveland Section.

Richard Rutledge

IES Cleveland Section President

IES Emerging Professionals

Who

- Students
- Recent Graduates
- Professionals with less than 5 years of experience

Benefits

- Participate in IESNA
- Access learning opportunities for development of professional skills & abilities
- Expand EP's recognition in the community
- Create new leadership & integrate new ideas into the Society
- Share concerns and needs with each other & facilitate the fulfilment of those requirements
- Have the opportunity to meet mentors
- Voice future needs to the Society

How to join

Contact Rinara Reh
rinara.reh@ge.com

* Encourage EP's in your company to participate. Your support matters.
