## Solid State Lighting for Sports Applications

Solid state LED lighting is revolutionizing sports at all levels. From the big leagues to even high school and municipal fields, LED lighting is becoming the product of choice for sports venues. Many factors contribute to this, from LED's superiority for HDTV broadcasting, to controllability, maintenance-free operation and energy efficiency. Learn about these and other factors that make LED attractive for sports lighting applications.

## We Take the Hassle Out of Implementing LED

The recent improvements in LED lighting, price reductions in technology and generous utility rebates make now the time to cash in. And Graybar can help:

- We have worked on lighting projects for over 100 years
- We have relationships with manufacturers, integrators, installers and can manage the project from start to finish
- Graybar Financial Services® offers financing programs to work specifically with your budget

## President's Report

Our EP groups is currently planning it's next outing. Contact Tony Clark [t.clark@fowlermep.com](mailto:t.clark@fowlermep.com) if you have suggestions for meeting topics or would like to sponsor an EP outing.

The CTSC Cleveland Technical Societies Council will hold their annual scholarship banquet on Monday, May 2 at Windows on the River. We will once again donate a cash scholarship to a deserving local high school student that night.

Spring is right around the corner, and with spring comes planning for our annual scholarship golf outing. It has been a sincere pleasure chairing this event for the past 4 years and I am looking forward to yet another successful event. If you have been a sponsor in the past, expect to get a call from me soon! If you're interested in getting involved through sponsorship let me know [Kristen.mallardi@acuitybrands.com](mailto:Kristen.mallardi@acuitybrands.com).

The IES will hold their third research symposium Light + Color in Gaithersburg Maryland in April. This international lighting research and application symposium will draw on the talents and expertise of the researcher, the technologist and the design professional to better understand the growing role of color in lighting from the standpoints of color vision, color perception, color preference, color metrics and color technology.

Registration for this event is now open, for full details see the IES homepage: [ies.org/symposium](http://ies.org/symposium)

Amanda Foust and I would like to thank all of our regular sponsors who have stepped up to help fill our program schedule for 2015–16. If you know of a speaker or would like to sponsor a program for the 2016–17 program year which begins in September 2016, please let us know.

Our next board of managers meeting will be held on March 11 at noon via conference call. These meetings are open to all of our members, if you would like to get involved, please let Henry Barker know and he will add you to the meeting invitation: [hbarker@karpinskieng.com](mailto:hbarker@karpinskieng.com).

Best regards,

**Kristen Mallardi**

President, IES Cleveland Section
