LEED v4

Beginning November 1, 2016, all future LEED projects will need to be registered under the new LEED v4 requirements. Join us to find out what changes have occurred since the LEED 2009 version, in regards to primarily Building Design and Construction (BD+C) as it relates to lighting and controls.

Our presenter, Marian Perez, the Director of Lighting Design at Karpinski Engineering, is inspired by light. Having worked in the field of lighting for over 20 years, she has provided both creative vision and technical implementation. She has been involved in lighting more than 400 spaces—from offices and schools to churches and industrial facilities—and she has won lighting design awards for some of her work.

In addition to being an NCQLP Lighting Certified Associate, Marian is also an Associate of the International Association of Lighting Designers (IALD), where she is one of only three voting members in the State of Ohio. She is also an active member in the Cleveland Section of the Illuminating Engineering Society (IES), where she is on the Board of Managers and is the Education Chairperson.

President's Report

The IES Annual Conference will be held October 23–25 in Orlando, Florida. For preliminary conference agenda and to register visit the IES website: <http://ies.org/ac/program.cfm>.

Once again we have a jam-packed year of events ready to unfold. I encourage you to check the calendar of events page to preview what has already been planned. If you have ideas for programming, or would like to sponsor an event please contact our Program Chair, Amanda Foust at afounst@generation-brands.com.

Our next board of managers meeting will be held on Friday, October 14 at noon via conference call. These meetings are open to all of our members. If you would like to get involved, please let Henry Barker know and he will add you to the meeting invitation: hbarker@karpinskieng.com.

Best regards,

Kristen Mallardi

President, IES Cleveland Section
